Docket No. 2009-489E

Dear Sirs,

This letter is in regards to the proposed rate increase in our energy bill. I am writing to register that I am against the hike. Presently, I am unemployed seeking a job. I have not been successful for a year and a half. The economy as you know is desperately challenged. As my efforts continue to become gainfully employed, I am struggling with my present bills. Please note my protest. I pray for this nation's continued recovery; and for the wellbeing of my fellow American families.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Allen', written over a horizontal line.

Karen Allen
